PRODUCT SPECIFICATION

Infernus Free Standing Twin Tank Electric Fryer – 2 x 16 Litres, 6kW

Infernus · model INF-162FS

The Infernus INF-162FS is a free-standing twin tank electric fryer for operations that have outgrown a countertop unit. Two 16-litre tanks, each with its own 3kW element and thermostat, give a 6kW combined output and let you run two products at once without flavour crossover — chips in one, fish or chicken in the other.

Key features

- Two 16-litre tanks with independent 3kW elements — 6kW total
- Separate thermostat per tank for cooking two products at once
- Automatic heat cycling maintains a steady oil temperature under load
- Independent drain valve per tank for quick, controlled oil changes
- Overheat protection and dry-burn prevention built in
- Robust stainless steel body with an enclosed twin-door cabinet base
- Supplied with two fryer baskets and a 12-month parts warranty

Technical specification

Model	INF-162FS
Type	Free-standing twin tank electric fryer
Tank capacity	2 x 16 litres
Power	3kW + 3kW (6kW total)
Voltage	230-240V / 50Hz
