PRODUCT SPECIFICATION

Infernus Premium Electric Griddle 75cm – Steel or Chrome Plate, Twin Zone 6kW

Infernus · model INF-E75

The Infernus INF-E75 is the wide-plate version of the Infernus premium electric griddle range, giving you 750mm of solid steel cooking surface for kitchens that are pushing real volume. It suits busy breakfast operations, burger vans, festival units and restaurant grill sections where a 60cm plate runs out of room.

Key features

- 750mm extra-wide solid steel cooking area
- Two independent 3kW heat zones — 6kW total output
- 12mm solid steel plate for even heat and fast recovery under load
- Separate thermostat per zone for flexible, two-temperature cooking
- Automatic temperature control system holds the set point through service
- Heavy-duty stainless steel body with a removable grease trap
- Runs from 2 x standard 13A plugs; 12-month parts warranty
- Choose a steel plate or a chrome plate (INF-E75C) for lower heat radiation and easier cleaning

Technical specification

Model	INF-E75
Type	Countertop electric griddle, steel plate
Cooking surface	750mm wide
Plate thickness	12mm solid steel
Heat zones	2 (independently controlled)
Power	3kW + 3kW (6kW total)
