

Jetinno JL31B Bean to Cup Coffee Machine

Jetinno by Fracino

10.1" Android touchscreen · fresh milk · dual thermoblocks · up to 75 cups a day

The step up from the JL30 for customer-facing counters and busier peaks. Dual thermoblocks and dual pumps brew coffee and froth milk at the same time, so back-to-back drinks come out faster, and the large touchscreen makes self-service easy.

Key features

- Dual thermoblocks and dual pumps: brews and froths simultaneously
- 15+ drinks with an expanded milk-drink menu
- Large 10.1" Android touchscreen, ideal for self-service
- Finer drink customisation and recipe control
- Automatic cleaning and rinse programmes
- Only 300mm wide: tank or mains water; drip tray can drain to waste

Supplied installed

Supplied installed, programmed and commissioned by a qualified engineer, with a staff demonstration and a 12-month on-site parts and labour warranty. The 4-litre milk fridge and milk container are included.

Technical specification
