

Jetinno JL38B Bean to Cup Coffee Machine

Jetinno by Fracino

Two beans · fresh milk (hot & cold) · up to 200 cups a day

A high-capacity fresh-milk machine with two grinders, so customers can choose between two coffees, such as a house blend and a decaf. Automatic fresh-milk drinks, hot and cold, from 30+ drink options.

Key features

- Two grinders and two 1.2kg hoppers: offer two different coffees
- Fresh milk system with hot and cold milk drinks
- 30+ drinks on a 10.1" touchscreen
- Dual boiler, dual pumps for fast service
- Automated brewer cleaning and milk hygiene system
- Multi-level user access and multi-language menus

Supplied installed

Supplied installed, programmed and commissioned by a qualified engineer, with a staff demonstration and a 12-month on-site parts and labour warranty. The 4-litre milk fridge and milk container are included.
