

LPG Dual Fuel Honda EU22i 2.2kw (Door Mount Kit) Generator + 600ml OIL

Prod Code: 5000-HOND2-19002

FREE GENUINE HONDA 600ML BOTTLE OF OIL. AFTER CARE SHEET PROVIDED

The new super silent Honda EU22i replaces the Honda EU20i. A dual fuel LPG propane gas / Petrol generator, it has a fully detachable door mounted LPG conversion kit, with thumbscrew removable fitting.

Up to 50% reduction in fuel costs and CO2 emissions when operating on LPG.

Compact, quiet, lightweight and reliable. The Honda EU range has the ability to power even the most sensitive electronic equipment by means of inverter controlled output.

The Honda EU22i delivers 2200 watts of portable, clean and low noise power. Its super quiet operation, means it is the perfect leisure generator, whilst also being suited to professional applications. This compact unit is powerful enough for all kinds of tasks, whether you are abroad in a motorhome or caravan, in need of a emergency back up when there's a power cut, or a market trader in need of continuous super silent power supply.

The enclosed suitcase type casing keeps noise down to just 52 decibels. And the unique Eco-throttle means the engine only runs as fast as the load demands, ensuring maximum fuel efficiency and noise reduction. Hondas engine auto-decompression makes the pull start amongst the easiest of all generators and rubber feet take out any buzzing vibration to the floor.

*BBQ connector available with this kit - Bullfinch type.

Door Mount LPG Dual Fuel Kit

The 'door mount' refers to the low pressure regulator (the round silver regulator), which is mounted to the door of a suitcase type generator. The kit arrives fully pre-assembled, and is fully detachable from the door of the generator by means of a thumbscrew fitting. The kit is supplied with a quick release coupling situated at the base of the generator for full detachment. With this type of kit, to turn the generator off, you must isolate the LPG supply by turning the LPG bottle off before turning the engine ignition off. A BBQ type LPG fitting can be fitted to this type of kit which allows the user to run the generator from a motorhome / caravan BBQ LPG point. Please contact us for more details on this.

SPECIFICATIONS		
kVA Output	Small (kVA 0-6)	
Sound Level	Super Quiet	
LPG	Yes	
Fuel Type	Petrol / LPG	
Starting System	Recoil Start Only	
Phase	Single Phase	
Generator Type	Inverter	
Maximum Output (Watts)	2200	
Continuous Output (Watts)	1800	
AC Voltage Available	230	
AVR (Automatic Voltage Regulator)	No	
Frequency (Hertz)	50Hz	
DC Output	12V / 8A	
Engine Model	Honda GXR120	
Engine Displacement (cc)	121	
Low Level Oil Alert System	Yes	
Auto Throttle	Yes	
Fuel Tank Capacity (L)	3.6	
Approx. Petrol Run Time @ Continuous Output	3H 30M	
Approx. Petrol Usage @ Continuous Output (L/H)	1	
Approx. LPG Usage @ Continuous Output (KG/H)	0.4	
Noise Level (1/4 load@7M)	48dBA	
Guaranteed noise level (LWA)	89dBA	
Length (mm) (Without Handles and Wheels)	512	
Width (mm) (Without Handles and Wheels)	309	
Dry Weight (KG)	21.7
