MOBCATER
Mobile & Catering Equipment

PRODUCT SPECIFICATION

Mobile Coffee Cart & Drinks Bar

Custom branded · made to order in about 4 weeks · standard £2,434 inc VAT · SKU MC-CART-STD

A mobile coffee cart built to order with your own branding printed on the panels. Food-grade stainless steel worktop, a hidden single-bowl sink with a built-in glass and jug rinser, shelving and four 13A sockets, on braked, locking castors. The branding panels pop off, so one cart can be re-branded for different events and clients. Set it up as a coffee bar, a nitro cold brew bar or a cocktail bar.

What the standard cart includes

- Mobile bar with your branding printed on removable Dibond panels (plain black panels if you have no artwork)
- MDF fitted interior
- Single-bowl stainless steel invisible sink with glass and jug rinser
- Shelves
- 4 x 13A sockets, fitted
- 128mm braked, locking castors
- Service cut-out on the left, centre or right

Technical specification

Type	Mobile coffee cart / drinks bar, made to order
Worktop	Food-grade stainless steel
Body panels	Dibond, full custom print with your artwork, removable
Interior	MDF fitted
Sink	Single-bowl stainless steel invisible sink with glass and jug rinser
Shelving	Integrated
Power	4 x 13A sockets fitted (16A plug optional)
Castors	128mm, braked and locking (heavy-duty castors optional)
Water	Site supply as standard; bottled-water pump or filtered pressurised water unit optional
Lead time	About 4 weeks from order
Warranty	Parts only, terms on your written quote
Not included	Coffee machine, grinder, water boiler, delivery (quoted)

Prices and options (inc VAT)

Standard cart	£2,434
Folding build (folds down for transport and storage)	+£300 (£2,734 total)
Knock box, mounted in the worktop	+£60
16A plug for high-draw equipment	+£48
Heavy-duty castors	+£72
Black powder-coated finish	+£300
High-level branding board	+£540
Undercounter milk fridge, built in	+£300
Nitro cold brew tap system	from +£2,160, confirmed on your quote
Bottled-water pump system (lower volumes)	+£132

Filtered, pressurised water unit (espresso machine, sink and rinser together)	+£954

Set it up as…

Coffee bar	Espresso machine and grinder (sold separately) plus the filtered water unit, which keeps the water clean and at a steady pressure for the machine.
Cold coffee bar	Nitro tap system for nitro cold brew on tap from a bag-in-box. Also needs a nitrogen supply (gas bottle or small compressor) and a fridge or cooler to keep the drink at 1-5°C.
Cocktail bar	The same nitro tap pours cocktails, mocktails and espresso martinis. You need the right licence to serve alcohol at your event.

How ordering works

1. Request a quote at mobcater.com: standard or folding, the options you want, where the cart is going and when you need it. 2. We send a written quote with the price, delivery and lead time. 3. You send your artwork for the panels. 4. Your cart is built in about 4 weeks and delivered. Business customers can lease the cart over 2 to 3 years.
